

Paper SOS Bag and Paper Carry Bag Making Machine

全自动扁绳方底纸袋机

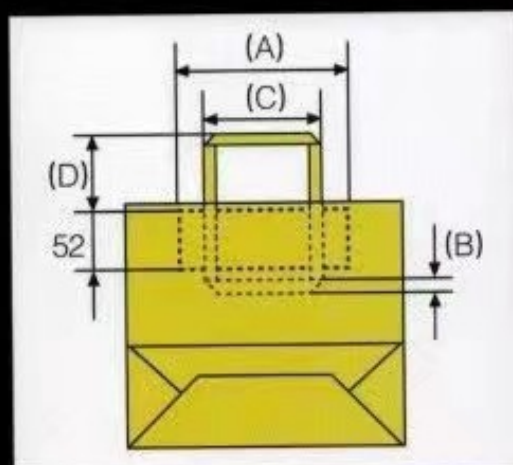

T5 T6 T7 T8-FH

The machine is used to make variety of SOS bags with or without handles for use in the high quality packaging field for food and materials, and for use in the consumer market as a durable and environmentally friendly Carrier bag in high speed reliably. Thanks to the flat paper handles which are folded inside the bag, they are piled up and packaged in volume easily without occupying a large space.

■ SPECIFICATIONS

Model		T5-FH (185T+516T)	T6-FH (136T+508T)	T7-FH (127T+508T)	T8-FH (148T+518T)
袋宽	Bag Width	140-230	180-320	200-360	220-540
底宽	Bottom Width(Bow)	40-140	55-165	70-210	80-220
袋长	Bag Length	160-440	160-430	260-590	290-700
切断长	Cutting Length(U)	210-470	210-480	350-650	400-770
最大能力	Max. production Speed(Max.)	180 B/min	180 B/min	180 B/min	150 B/min

制袋与操作速度须视纸张与粘着剂的品质、纸袋尺寸、操作员的工作知识和工作方法而有所不同
